July 1, 2024

Ascension Southeast Michigan calculates one AGB percentage using the “look-back” method and including Medicare fee-for-service and all private health insurers that pay claims to the Organization, all in accordance with IRS Reg. Sec. 1.501(r)-5(b)(3), 1.501(r)-5(b)(3)(ii)(B) and 1.501(r)-5(b)(3)(iii). The details of that calculation and AGB percentage is described below.

The AGB percentages for the Ascension Southeast Michigan hospitals are as follows:

Facility Name	AGB
Ascension Medical Group	58.9%
Ascension Brighton Center for Recovery	97.64%
Ascension Providence Park Hospital- Novi Campus	31.7%
Ascension St John Hospital and Medical Center	33.8%
Ascension St John Macomb- Oakland Hospital - Madison Heights Campus	30.5%
Ascension St John Macomb-Oakland - Warren Campus	30.5%
Ascension St John Providence Hospital- Southfield Campus	30.2%
Ascension St John River District Hospital	34.9%
Ascension Providence Rochester	30.0%

These AGB percentages are calculated by dividing the sum of the amounts of all of the hospital facility’s claims for emergency and other medically necessary care that have been allowed by Medicare fee -for-service and all private health insurers that pay claims to the hospital facility by the sum of the associated gross charges for those claims. The only claims that are utilized for purposes of determining the AGB are those that were allowed by a health insurer during the 12-month period prior to the AGB calculation (rather than those claims that relate to care provided during the prior 12 months).

Notwithstanding the foregoing AGB calculations, Ascension Medical Group, Brighton, Providence Park Hospital, St. John Hospital and Medical Center, St. John Macomb, St. John Macomb – Oakland Campus, St. John Providence Hospital, St. John River District Hospital and Providence Rochester have chosen to apply the lowest applicable AGB percentage of 30%.
