

No-cost heart screening

An interactive educational health series funded in part by a grant from The Marvin and Rosalie Okun Foundation

The Ascension Borgess Heart Institute is hosting the Healthy Heart screening event. You'll get a free heart screening with on-the-spot results, and a one-on-one conversation with a doctor to review your individual situation.

**Ascension Borgess Heart Institute
Healthy Heart Event**

Saturday, May 10, starting at 7 a.m.

1722 Shaffer St., Kalamazoo, MI 49048

Registration details

Walk-in registration ends at 11 a.m. Screenings at the event are free. If additional screenings/tests/treatments are needed outside of the free screenings (for example, should you be having a medical crisis and treatment is necessary), that treatment is not considered part of the free screenings.

Screenings include:

- Electrocardiogram (EKG)
- Blood pressure screening
- Body mass index
- Blood glucose test (no fasting required)
- Heart risk assessment
- Stroke assessment
- One-on-one review of your results
